# SAPS

SPECTRUM ADVANCED POWER SOAP

No Solvents • Non-Toxic • 100% Biodegradable

Cleans Hands of Silicone, Heavy Grease, Oil and Tar,  
Oil-Based Paint, Ink, Sealants, Adhesives,  
and So Much More!

**The Ultimate Hand Cleaner - SAPS** is a concentrated professional grade hand cleaner formulated to clean hands of Molly Grease, all Silicone-Based compounds (i.e. Permatex Blue and Grey RTV Gasket Maker), Heavy Grease, Oil and Tar, Dye, Brake Dust, Latex and Oil-Based Paint, Ink, all Adhesives and Glue, Un-Cured Polyurethane, and other hard to clean Industrial Solids and Compounds. This amazing hand cleaner is fortified with proprietary ingredients and will keep your hands clean, smooth, refreshed and satisfied. **SAPS** contains an innovative “Micro Grit Scrub Conditioning Formulation” that is the first in the industry.

**As Safe As It Is Strong** - Based on competitive testing in the market, **SAPS** outperforms all the major leading hand cleaners (i.e. Gojo, Lift-Off, Work's, Goop, etc.), especially with respect to removing silicone-based compounds and other hard-to-remove products. **SAPS** is a natural replacement for petroleum-based products that typically use Petroleum Distillates, Mineral Spirits, Acetone, etc. **SAPS** does not contain Acid-Based compounds, like many of its competitors. This product is non-toxic and contains no irritants or sensitizers like d-Limonene. **SAPS** delivers excellent performance at competitive cost levels.

**Significant Cost Savings** - Unlike other leading hand cleaners on the market, only a small amount of **SAPS** is needed to get the job done.
